

## INDEXABLE GUNDRILLS

TBT gundrills with indexable inserts provide a high-performance system designed for high chip volumes to be used on machining centers and gundrilling machines

1

### No Re-Grinds anymore

Your dull tool will be ready-to-run in seconds!

2

### Wide diameter range

Our indexable gundrills cover a wide diameter range - from Ø12 mm up to Ø28 mm (or Ø55 mm in Series 55) - ensuring maximum flexibility for every drilling process.

3

### Wearparts in stock

We stock all wearparts in the US - to keep your production up and running!

## WHY CHOOSE US?

TBT has nearly 60 years worth of experience in manufacturing exceptional tools and state-of-the-art Gundrilling machines.

1

### Buy the Hole - Not just the Drill

No application is like the other. Especially when it comes to gundrilling. Drilling issues? Don't worry - we've got you covered!

2

### Premium Gundrills - Made in Germany.

Where know-how meets quality. TBT manufactures Gundrills with excellence in Dettingen an der Erms, Germany. Unmatched since 1966

3

### Machines Tailored to your Needs

All of our customers are unique - and so are their needs. Whether simple, extremely rigid, ultra precise or all combined - TBT finds solutions where others fold.

4

### On-Site Service

Downtime = panic? Not with us! Our expert service team, located in Brighton, MI gets your Machine up and running!

**TBT has it all.**

**No other company covers the entire  
Gundrilling process**

**Machines - Tools - Accessories - Application**

  
**ARONSON - CAMPBELL**  
INDUSTRIAL SUPPLY INC.

## HIGH PRECISION MACHINES

Whether it's Ø 0.8 mm holes in medical parts or Ø 155 mm x 9000 mm barrels, TBT has the right solution, tailored to your needs!

### ML-Series (Single-Lip)

Covering a diameter range from 0.8 - 42 mm, our ML-Series offers maximum flexibility including 1-6 spindles, automation and more!

### B-Series & ML-Series (BTA)

Ø 15 mm or rather Ø 1000 mm? Our ML-Series (STS) & B-Series is the perfect solution balancing accuracy, rigidity, and usability.

### BW Series

Gundrilling on a Machining Center - just faster! Our 5-Axis centers with up to 3 built-in Gundrilling Units tackle every complex part shape.

### Special Machines

Unique operations are our specialty!

- Simultaneous drilling
- Rifling
- Reaming
